Howdy Texas FFA,

My name is Elise Sharp and I am honored to be representing the Boling FFA Chapter and the Area XI Association. This organization has blessed me with so many opportunities, and I am grateful to share this one with all of you.

Throughout my time in the FFA, I have met so many people that have inspired me and helped shape me into the person that I am today. As I embark down this new road of my FFA journey, my goal is to continue making impactful connections and exert a positive influence on the lives of our members.

Being raised in agriculture made joining FFA the obvious decision for my future. However, as I have become more involved, I have come to appreciate the diverse opportunities that this organization uniquely offers. As young agriculturalists, we must take hold of those opportunities to educate and advocate for the industry that our beloved organization is built upon.

I am humbled to have the opportunity to represent you all this year, and I would be honored to serve as your President. I am truly passionate about both the FFA and the agricultural industry and I look forward to representing the Texas FFA Association with pride!

Sincerely,

*Elise Sharp*
